

# 6" Textrafine

- TextraFINE Long-fibers outperform standard fiberglass
- Fire Resistant: ASTM - E84 FHC 25/50
- Rigidity - holds shape and won't settle over time
- Great for 8' on center post frame buildings.
- Rolls are 93" wide and friction fit for fast and easy installation
- Certified with GreenGuard Children & Schools™ for extremely low VOC emissions
- Moisture Resistant: Will not sustain fungi or bacterial growth, prevents rust and does not promote corrosion
